Calorie Alert

Warning: The total calories of the recipe exceed 300!

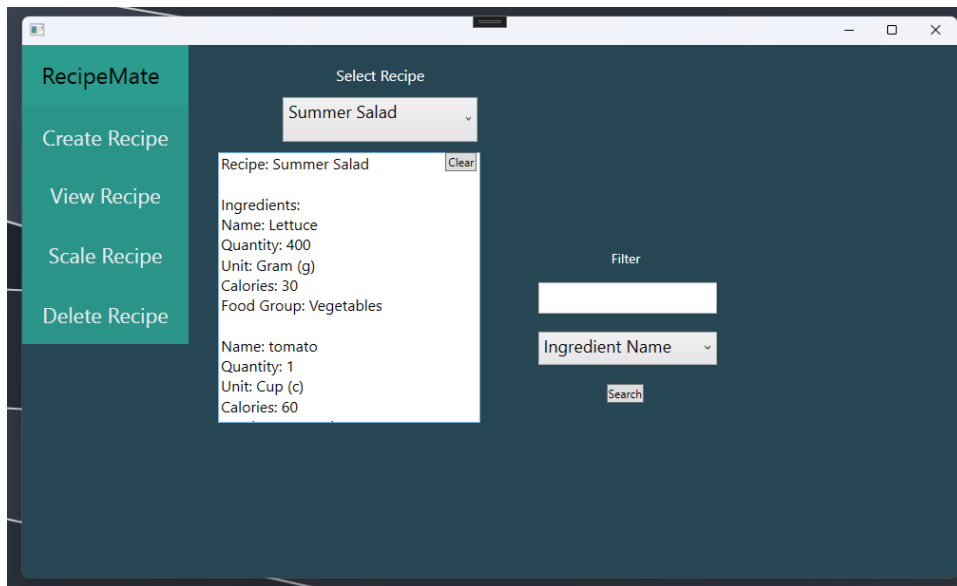

OK

Summer Salad
Lettuce - 400 Gram (g) Calories: 30, Food Group: Vegetables
tomato - 1 Cup (c) Calories: 60, Food Group: Fruit
olive oil - 2 Cup (c) Calories: 260, Food Group: Fat

Steps:
Step 1: chop up the lettuce

As the user fills in the recipe they can keep track of their progress in the large textbox that updates as ingredients or steps are added

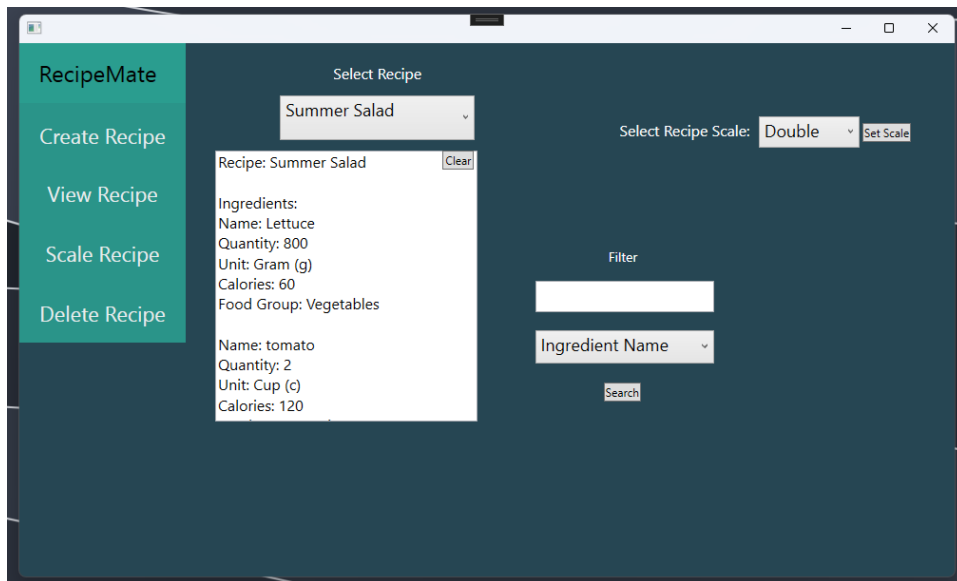

When the total calories of a recipe exceed 300 a warning pops up

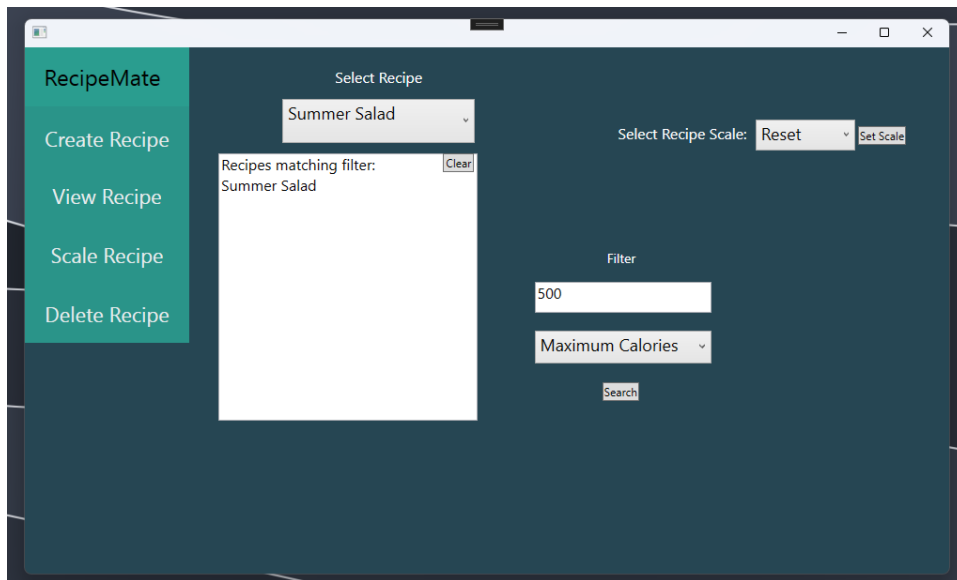

After adding the recipe it will show up on the home page in the select recipe combo box.

Clicking view recipe will display the full recipe.

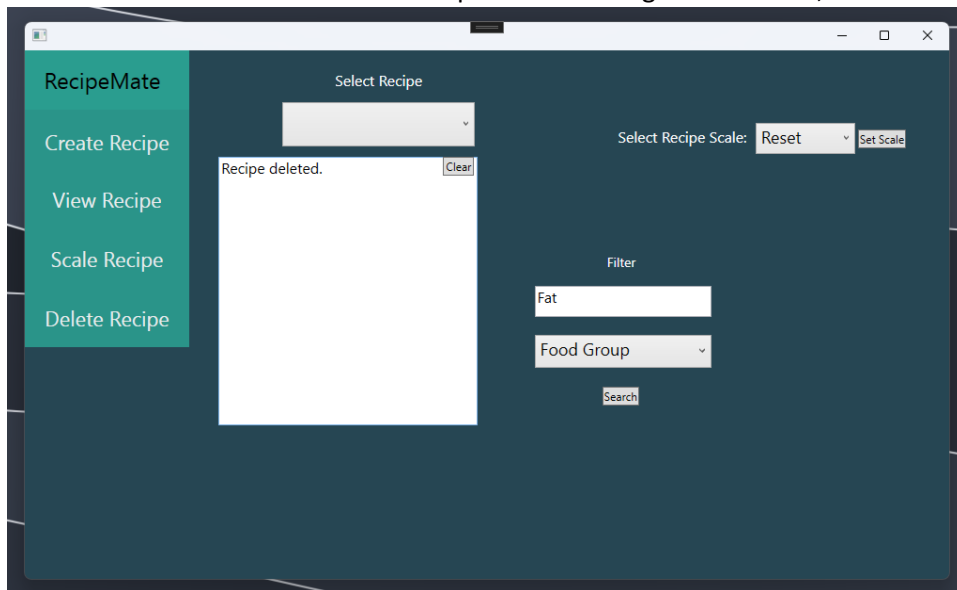

Pressing Scale Recipe will bring up an option to choose a recipe and the scale amount

After scaling the recipe when viewing the recipe the quantity of ingredients and calories are scaled

The Filter can allow the user filter recipes based on ingredient name, maximum calories and food group

When a recipe is selected, Clicking delete recipe will remove it from the application
